

**Curriculum Vitae of
Dr. Patrick X.M. Bastiaensen, dvm, msc**

Freelance livestock consultant, animal disease management specialist

55-year old Belgian veterinary surgeon with over 25 years of professional experience in animal health and production related to integrated rural development and natural resources management in developing countries. Thorough academic background in epidemiology, diagnosis and molecular biology of helminths and protozoa, in particular of domestic and wildlife ruminants. Specialized in (inter)national livestock and animal health policies, capacity building, institutional reform and strengthening of veterinary services, liberalisation of the animal health sector, international trade agreements and regulations, (import) risk analysis, epidemic-surveillance programmes and endemic diseases monitoring of wildlife and livestock, veterinary public health and socio-economics of animal health. Broad and multidisciplinary experience, ranging from parasitology and entomology related fields, over herd health management and artificial insemination in dairy cattle, laboratory operation and slaughterhouse infrastructures to epizootic diseases control in livestock and wildlife and strengthening of veterinary services in developing countries. Active advocate of the *One Health* approach. Strong affinity with monitoring and evaluation, as well as data-management (including GIS), risk assessment / analysis, applied information and communication technologies, extension and outreach policies. Geographic experience covers Caribbean and African countries mostly, familiar with project management procedures of United Nations (FAO), Belgian (BADC, VVOB) and French (bilateral) Cooperation (MAEE/AFD-OIE), African Development Bank (AGRER) and European Commission (GTZ/GIZ). Recognized as a fast, very efficient and diplomatic worker, skilled negotiator, team player, using a participatory and transparent management style. Speaks several world languages fluently.

Name : Bastiaensen Patrick X. M.
 Date of birth : September 21st, 1965
 Place of birth : Kinshasa (Congo, DRC) formerly Leopoldville (Congo)
 Nationality : Belgian

A. Education :

- 2017 Master of Science (MSc) in Animal / Human / Ecosystem Health**
DVTD, Faculty of Veterinary Sciences, University of Pretoria (U.P.). South Africa
Specialisation in One Health.
- 1991 Diploma of Doctor in Veterinary Medicine (DVM).**
Faculty of Veterinary Sciences, State University of Ghent (R.U.G.). Belgium
Specialisation in a) tropical parasitology
 b) internal diseases of livestock
- 1984 High School Graduation Certificate**
High School (Science programme). Royal College of Keerbergen (Belgium)

B. Present employment (long term) :

January 2013 – December 2022 : World Organisation for Animal Health (OIE)

Sub-Regional Representation for Eastern Africa.
Nairobi, **Kenya**

Position : Programme officer / 13 OIE member countries in EAC and IGAD :

**Burundi, Comoros, Djibouti, Eritrea, Ethiopia,
Kenya, Rwanda, Seychelles, Somalia, South
Sudan, Sudan, Tanzania and Uganda.**

Topics :

- Assist OIE Member Countries and Territories in the Region to comply with international standards in the field of animal health and animal welfare, including the WTO SPS Agreement.
- Assist OIE Member Countries and Territories in the Region to improve governance and performance of veterinary services (evaluations, gap analyses, donor round tables) along the PVS pathway
- Provide technical support to OIE Member Countries and Territories in the Region, as well as the Secretariats of the *Regional Economic Communities* (EAC and IGAD) to reach agreement on the regional application of international standards in the field of animal health and animal welfare.
- Offer policy advice in the field of animal health and animal welfare to OIE Member Countries and Territories in the Region, as well as the Secretariats of the *Regional Economic Communities* (EAC and IGAD) so as to strengthen veterinary services involvement in animal health, veterinary public health and animal welfare policy design and governance.
- Develop and implement capacity-building programmes for national veterinary services of OIE Member Countries and Territories in the Region through support to OIE Permanent Delegates and National Focal Points.

- Provide OIE Member Countries and Territories in the Region, as well as the Secretariats of the *Regional Economic Communities* (EAC and IGAD) with policy advice, support and training in the specific areas of veterinary education, veterinary statutory bodies, aquatic biosecurity, animal welfare and reference laboratory services (through OIE reference laboratories)
- Support the establishment of twinning agreements between laboratories, centres of excellence, *veterinary educational establishments* (VEE) and *veterinary statutory bodies* (VSB).
- Support the recognition of new OIE Reference Centres (reference laboratories and collaborating centres) in the Region and encourage networking between scientists in the Region especially in the area of diseases of bees, aquatic diseases, veterinary laboratories, ...)
- Promote transparency on sanitary information through maintaining and updating formal and informal animal health information.
- Provide governments, research institutions, universities and private users with fast, economical access to technical information and knowledge.
- Support OIE Member Countries and Territories in the Region to develop their official disease status dossiers.
- Support initiatives promoting the veterinary profession and animal health and welfare such as the World Veterinary Day and World Rabies Day
- Disseminate technical information and raise awareness through extension messages
- Support OIE Member Countries and Territories in the Region to improve collaborations between the public health and animal health sectors and other competent ministries on “One Health” issues to reduce risks at the animal-human-ecosystems interface.
- Foster institutional relations and collaboration with the Government of Kenya (host), the *African Union Commission* (AUC), the *Interafrican Bureau for Animal Resources* of the African Union (AU-IBAR), the *Pan-African Veterinary Vaccine Centre* of the African Union (AU-PANVAC), the *Pan African Tsetse and Trypanosomosis Eradication Campaign* of the African Union (AU-PATTEC), the Secretariat of the *East African Community* (EAC), the Secretariat of the *Inter-Governmental Authority on Development* (IGAD), FAO, and other key stakeholders such as ILRI, ICIPE, GALVMed, etc...
- Foster institutional relations and collaboration with the diplomatic community and the development partners including the European Union, USA, France, World Bank, etc...
- Management of the OIE Africa website : www.rr-africa.oie.int.

C. Employment history (long term) :

April 2007 – December 2012 : World Organisation for Animal Health (OIE)

Sub-Regional Representation for Southern Africa (SADC).
Gaborone, **Botswana**

Position : Programme officer / 15 OIE member countries in SADC :

Angola, Botswana, Congo (DRC), Lesotho, Madagascar, Malawi, Mauritius, Mozambique, Namibia, Seychelles, South Africa, Swaziland, Tanzania, Zambia and Zimbabwe.

Topics :

- Support to the laboratory twinning programme and the recognition by OIE of new reference laboratories in Africa.
- Support to the adoption of the OIE international notification system WAHIS.
- Implementation of the capacity-building programmes for Veterinary Services of the SADC Member States (SADC - EC EDF-funded Grant Contribution Agreement with OIE).
- Implementation of the capacity-building programmes for Veterinary Services of the SADC Member States (EC DG SANCO-funded *Better Training for Safer Food* programme).
- Support to the OIE/SADC projects for the surveillance and early detection of zoonoses, emerging and re-emerging animal diseases, including support to reference laboratories.
- Coordination with other OIE programmes conducted within the SADC area in partnership with other organizations.
- Establishment of a regional database on African animal health and welfare experts.
- Management of the OIE Africa website : www.rr-africa.oie.int.

May 2003 - December 2006 : European Development Fund (EDF) programme 7 ACP RPR 744

Pan-African programme for the Control of Epizootics (PACE)
 PACE Regional Coordination Unit for West and Central Africa.
 Bamako, **Republic of Mali**

Position : PACE regional technical advisor to 10 countries : **Burkina Faso, Congo (Dem. Rep.), Congo (Rep.), Gambia, Guinea Bissau, Mali, Mauritania, Niger, Nigeria and Senegal.**

Topics

- provide technical support to the national coordinators of 10 national PACE programmes;
- provide technical assistance related to the four thrusts of the PACE programme : institutional strengthening of veterinary services (including legislation), global rinderpest eradication programme, strengthening of veterinary services to livestock owners (promoting private veterinary practice) and improving control of other major epizootics;
- emergency assistance for disease outbreaks (rinderpest Mauritania 2003, bird flu Nigeria 2006);
- development of epidemio-surveillance networks and disease preparedness plans;
- improving, disease reporting, database management and disease information systems;
- improving communication from and towards stakeholders;
- general assistance related to programme/office management and financial management;
- monitoring and evaluation of programme progress and management;
- pursuing regional integration of programme activities in neighbouring countries.

EUROPEAN DEVELOPMENT FUND (European Commission),

200, Rue de la Loi, B-1049 Brussels, **Belgium**

<http://europa.eu.int/comm/development>

August 1999 - March 2003 : African Development Bank (ADB) project F/STP/DEV-ELV/96/14

“ *Projecto de Apoio ao Desenvolvimento da Pecuaria* ” PADP
[Support project towards animal husbandry development],
São Tomé, **República Democrática de São Tomé e Príncipe**

Position : technical advisor to the Director of the PADP in São Tomé.

Topics

- Institutional support to the animal husbandry directorate of the ministry;
- Support to the land reform act in terms of animal production : support to smallholders in terms of input, extension services and micro-credit.
- Endemic diseases monitoring and epizootic surveillance and transboundary animal diseases prevention;
- Reinforcement of sanitary police measures and quarantine;
- Development of national zoosanitary legislation;
- Special focus on monitoring of the porcine population and prevention of African Swine Fever (ASF) epizootic;
- Vaccination campaigns of village poultry (Newcastle Disease, Gumboro);
- Rehabilitation and equipment of national veterinary diagnostic laboratory facilities, national and regional slaughterhouse facilities, as well as decentralised veterinary services;
- Training of laboratory personnel, animal health assistants and animal health and production extension personnel.

www.afdb.org

February 1996 – July 1999 : FAO project GCP/TOG/013-BEL (Belgian funding, 2nd phase) :
*"Lutte contre la trypanosomose animale en vue de développement
agro-pastoral des zones libérées de l'onchocercose au Togo"*

[Project for animal trypanosomosis control towards agro-pastoral development in the
onchocercosis-cleared areas in Togo], Sokodé, **Togo**.

FAO project GCP/RAF/347-BEL (Belgian funding) :
"Projet Régional de lutte contre la trypanosomose animale"

[Regional animal trypanosomosis control project],
Sokodé, **Togo** and Bobo-Dioulasso, **Burkina Faso**

Position : associate professional officer (1996-1997) ; animal health and production officer in charge
of the Togo-programme (1997-1999).

- design of a national animal trypanosomosis control programme for Togo;
- implementation of a national animal trypanosomosis control programme for Togo;
- protozoology (Trypanosoma) and entomology (Glossina);
- design of a rapid appraisal system for bovine trypanosomosis based on epidemiological modelling and geographical information systems [GIS] ;
- agro-veterinary cartography and GIS applications;
- organisation and monitoring of vector control operations in priority areas (involving livebait-technology);
- animal production & health statistics and cattle census;
- zootechnical studies (trypanotolerant breeds);
- socio-economic studies (acceptability of control methods, herd management, cost-recovery, marketing, profitability of private veterinary practice);
- studies of trypanosomosis in small ruminants;
- extension approach and training of extension workers;
- active support and promotion of private rural veterinary practice.

Food and Agriculture Organization of the United Nations,
Via delle Terme di Caracalli, I – 00153 Rome, **Italy**.

www.fao.org

April 1992 - December 1995

VVOB-project : technical assistance with the Animal Husbandry
Dpt. of the Ministry of agriculture, animal husbandry and fisheries
(LVV) in Suriname.

Position : animal health officer, head of the veterinary services eastern regions,
Ministry of agriculture, animal husbandry and fisheries (L.V.V.), Paramaribo, **Suriname**.

- Ambulatory clinic,
- Animal production statistics,
- Sanitary police,
- Meat inspection and hygiene,
- Extension services,
- Artificial insemination services for dairy husbandry,
- Privatisation of animal health services,
- Applied research,
- Micro-project design and implementation.

Flemish organisation for development cooperation and technical assistance
V.V.O.B. – Place Julien Dillensplein 1 bus 2A, B – 1060 Brussels, **Belgium**.

D. Short-term missions and assignments :

- May 14 - 16, 2019 : OIE Performance of Veterinary Services (PVS) Pathway Orientation Training Workshop for national and provincial official veterinarians in the Republic of South Africa (trainer). World Organisation for Animal Health (OIE). Onderstepoort, Pretoria, **South Africa**.
- August 20 – 31st, 2018 : PVS - based follow-up assessment of veterinary services in the **Republic of Uganda** (technical expert, piloting the draft 7th edition of the PVS Tool), World Organisation for Animal Health (OIE)
- April 7 – 13th, 2018 : Joint External Evaluation (JEE) of the implementation of the International Health Regulations (IHR-2005) in the **Kingdom of Swaziland** (animal health expert). IHR-2005 Monitoring and Evaluation framework. World Health Organisation (WHO).
- February 18 – 23rd, 2018 : Rapid assessment of the *peste des petits ruminants* (PPR) outbreak in the Republic of **Burundi** (technical expert) *Crisis Management Centre - Animal Health* (CMC-AH). Food and Agriculture Organization of the United Nations (FAO) and World Organisation for Animal Health (OIE).
- July 11 – 22nd, 2016 : PVS - based gap-analysis assessment of veterinary services in the Republic of **Liberia** (team leader), World Organisation for Animal Health (OIE)
- Jan. 26 – Feb. 5th, 2016 : PVS - based project preparation mission for the Regional Disease Surveillance Systems Enhancement project (REDISSE). Abuja, **Nigeria**. World Bank and World Organisation for Animal Health (OIE).
- November 1 - 11th, 2015 : PVS - based gap-analysis assessment of veterinary services in the **Kingdom of Swaziland** (technical expert), World Organisation for Animal Health (OIE)
- May 4 - 15th, 2015 : PVS - based follow-up assessment of veterinary services in the **Kingdom of Swaziland** (technical expert), World Organisation for Animal Health (OIE)
- April 23 - 25th, 2015 : Inspection of the Berbera II Export Quarantine Station in **Somaliland (Somalia)**, World Organisation for Animal Health (OIE).
- Nov. 24 – Dec. 5th, 2014 : PVS - based follow-up evaluation of the veterinary services in the **Republic of the Fiji Islands** (team leader), World Organisation for Animal Health (OIE)
- June 23 - 27th, 2014 : PVS - based project preparation mission for the *Regional Support Project for Pastoralism in the Sahel* (PRAPS). Ouagadougou, **Burkina Faso**. World Bank and World Organisation for Animal Health (OIE).
- June 8 - 13th, 2014 : PVS - based project preparation mission for the *Regional Support Project for Pastoralism in the Sahel* (PRAPS). Niamey, **Niger**. World Bank and World Organisation for Animal Health (OIE).
- May 17 - 22nd, 2014 : PVS - based project preparation mission for the *Regional Support Project for Pastoralism in the Sahel* (PRAPS). Nouakchott, **Mauritania**. World Bank and World Organisation for Animal Health (OIE).
- October 8 - 19th, 2012 : PVS - based gap-analysis assessment of veterinary services in the **Republic of South Africa** (OIE observer), World Organisation for Animal Health (OIE)
- September 10 - 21st, 2012 : PVS - based gap-analysis assessment of veterinary services in **Ethiopia** (team leader), World Organisation for Animal Health (OIE)
- June 12 - 22nd, 2012 : PVS - based gap-analysis assessment of veterinary services in **Lao P.D.R.** (team leader), World Organisation for Animal Health (OIE)

- April 16 - 20th , 2012 : Short-term training assignment : First applied course on the OIE *Performance of Veterinary Services (PVS)* tool for national and province-employed official veterinarians in the People's Republic of China (trainer). OIE. Beijing, **P. R. China**.
- January 23 – Feb. 5th , 2012 : PVS - based gap-analysis assessment of veterinary services in **Niger** (team leader), World Organisation for Animal Health (OIE)
- August 28 – Sept. 10th , 2011 : PVS - based follow-up assessment of veterinary services in **Lao P.D.R.** (team leader), World Organisation for Animal Health (OIE)
- July 11 - 22nd , 2011: PVS - based gap-analysis assessment of veterinary services in **Kenya** (team leader), World Organisation for Animal Health (OIE)
- November 15 – 25th, 2009 : PVS - based gap-analysis assessment of veterinary services in Kuwait. Public Authority for Agricultural Affairs and Fisheries Resources (PAAF), **Kuwait**
- October 22 – Nov. 2nd, 2007 Evaluation of the veterinary services according to the *Performance of Veterinary Services (PVS)* audit methodology (OIE), Paris. Animal Health and Production Division of Livestock and Fisheries, Suva, **Republic of the Fiji Islands**
- March 18 – April 2nd, 2007 : Evaluation of the veterinary services according to the *Performance, Vision and Strategy (PVS)* audit methodology (OIE), Paris. Department of Livestock and Fisheries, Vientiane, **Lao P.D.R.**
- November – December 2006 : Short-term assistance (GTZ) for the preparation of the 4th World Conference on Highly Pathogenic Avian Influenza, Bamako (Mali), December 6-8th, 2006. Regional Animal Health Centre (FAO/OIE/IBAR) Bamako, **Republic of Mali**
- October 2006 : Joint FAO/OIE/IBAR fact-finding mission on highly pathogenic avian influenza in Nigeria. FAO, OIE and AU-IBAR. Federal Department of Livestock and Pest Control Services, Abuja, **Nigeria**.
- July 2003 – October 2006 : Around 40 short-term backstopping missions to PACE member countries : Senegal, The Gambia, Mauritania, Guinea-Bissau, Mali, Burkina Faso, Ghana, Niger, Nigeria, Congo (Brazzaville) and Congo - DRC (Kinshasa). Pan-African programme for the Control of Epizootics (PACE). PACE Regional Coordination Unit for West and Central Africa. Bamako, **Republic of Mali**
- December 2002 – Jan. 2003 : Drafting of the National Report on the State of Domestic Animal Diversity in São Tomé and Príncipe (national contribution to the first report of the State of the World's Domestic Animal Genetic Resources – SoW AnGR). WAAP and DAD-IS FAO, Rome. Direcção da Pecuária, São Tomé, **São Tomé and Príncipe**.
- October 25 – Nov. 3rd, 2002 : Project drafting mission AGRER S.A. Brussels (tender). Rwanda Dairy Cattle Development Support Project (PADEBL - AfDB). Direction de l'Elevage, Kigali, **Rwanda**.

E. Other relevant experience and training :

- March 4 - 6th, 2020 : In-house training of regional staff on the publication of content on the OIE Africa website using Wordpress. World Organisation for Animal Health (OIE) Nairobi, **Kenya**.
- February 24 - 26th, 2020 : Training (of trainers) seminar with regard to the third version of the World Animal Health Information System (OIE - WAHIS). World Organisation for Animal Health (OIE) Tunis, **Tunisia**.
- September 11 – 12th, 2019 : Regional training workshop : *public – private partnerships* (PPP) in the veterinary domain (French). World Organisation for Animal Health (OIE) Tunis, **Tunisia**.
- August 21 -22nd, 2019 : Regional training workshop : *public – private partnerships* (PPP) in the veterinary domain (English). World Organisation for Animal Health (OIE) Addis Ababa, **Ethiopia**.
- May 14 – 16th, 2019 : National orientation training of national officials on the OIE PVS Pathway. World Organisation for Animal Health (OIE) Onderstepoort, **South Africa**.
- March 26 - 28th, 2019 : PVS Pathway Advanced Experts Training Workshop – Delivering PVS Pathway Evolution. World Organisation for Animal Health (OIE) Paris, **France**.
- July 10 - 12th, 2018 : Regional orientation training of national and regional officials on the OIE PVS Pathway. World Organisation for Animal Health (OIE) Dakar, **Senegal**.
- June 26 - 28th, 2018 : Regional orientation training of national and regional officials on the OIE PVS Pathway. World Organisation for Animal Health (OIE) Johannesburg, **South Africa**.
- April 2 - 3rd, 2018 : Online training on International Health Regulations (IHR, 2005) “*Joint External Evaluation (JEE) Team Member Orientation*”. WHO, Geneva, **Switzerland**.
- March 27 - 29th, 2018 : National orientation training of national officials on the OIE PVS Pathway. World Organisation for Animal Health (OIE) Addis Ababa, **Ethiopia**.
- October 27th, 2017 : OIE PVS Pathway internal training for OIE Headquarters staff members. World Organisation for Animal Health (OIE) Paris, **France**.
- October 5th, 2017 : Masterclass on Livestock Advocacy and Communication for Development. Delivered by Michael Hoevel of Marchmont Communications on behalf of ILRI Kabete, Nairobi, **Kenya**.
- October 3 - 4th, 2017 : WHO internal training course for WHO AFRO staff members on the development of *National Action Plans for Health Security* (NAPHS). World Health Organization (WHO) Nairobi, **Kenya**.
- July 18 – 20th, 2017 : Regional training workshop on the OIE procedures for the endorsement of national official control programmes with regard to foot-and-mouth disease (FMD) and *peste des petits ruminants* (PPR). World Organisation for Animal Health (OIE) Kigali, **Rwanda**.
- April 4 – 6th, 2017 : OIE PVS Pathway international "think tank" forum "*Reflections and directions at the 10 year mark*". World Organisation for Animal Health (OIE) Paris, **France**.
- September 20 – 21st, 2016 : Online training by WHO on “communication essentials”. WHO, Geneva, **Switzerland**.
- July 19 – Sept. 18th, 2016 : *Massive Open Online Course* (MOOC) on Informing and communicating on social media. Delivered by Rue89 Paris, **France**.

- April 14 – 18th, 2014 : Refresher course for OIE PVS experts on the current versions of the evaluation and gap-analysis methodologies (PVS Pathway). World Organisation for Animal Health (OIE) Paris, **France**.
- October 28 - 30th, 2013 : Training of trainers workshop on the second version of the OIE World Animal Health Information System (WAHIS). World Organisation for Animal Health (OIE) Paris, **France**.
- June 14 - 17th, 2011 : International advanced training seminar with regard to gap-analysis of veterinary services in OIE member countries according to the *performance of veterinary services* methodology (PVS). World Organisation for Animal Health (OIE) Paris, **France**.
- October 12 - 14th, 2010 : "Regional Integration in the SPS fields in Africa : harmonisation of frameworks" (Intensive Training for Officials of the AUC, RECs and Specialised bodies). Better Training for Safer Food (BTSF) Africa. AETS Consortium. European Commission (DG-SANCO) funding. Upper East Side Hotel, Cape Town, **South Africa**.
- August 31 – Sept. 3rd, 2010: Joint training course on WAHIS and WAHID implementation for OIE focal points on aquatic animal diseases (basic) and on animal disease notification (advanced). World Organisation for Animal Health (OIE) in collaboration with RAHC-SA, Gaborone, **Botswana**.
- April 21 – 24th, 2009 : Joint training course on WAHIS and WAHID implementation for OIE focal points on aquatic animal diseases (basic) and on animal disease notification (advanced). World Organisation for Animal Health (OIE) CTTBD, Lilongwe, **Malawi**.
- April 15 – 17th, 2009 : International training seminar with regard to gap-analysis of veterinary services in OIE member countries according to the *Performance of Veterinary Services* (PVS) methodology. World Organisation for Animal Health (OIE) Paris, **France**.
- November 20 – 22th, 2007 : International follow-up workshop of OIE certified assessors for the evaluation of veterinary services in OIE member countries according to the *Performance of Veterinary Services* (PVS) methodology. World Organisation for Animal Health (OIE) in collaboration with the *Ecole Nationale des Services Vétérinaires* (ENSV), Lyon, **France**.
- February 5 – 9th, 2007 : International training seminar with regard to the evaluation of veterinary services in OIE member countries according to the *Performance of Veterinary Services* (PVS) methodology. World Organisation for Animal Health (OIE) Paris, **France**.
- January – July, 2006 : Certificate of Training in Animal Epidemiology (CEA). Distance Learning Programme (AAD) of the Association for the study of the epidemiology of animal disease (*Association pour l'Étude de l'Épidémiologie des Maladies Animales*). Alfort National Veterinary School (ENVA), Maisons-Alfort, **France**.
- April, 10 - 14th, 2005 : Training workshop on '*Conflict management in natural resources management and national parks projects*'. GTZ, Nouakchott, **Mauritania**.
- October 28 - 31st, 2003 : Workshop on PID (*PACE Integrated Database*) installation, implementation and troubleshooting. PACE Database Management Unit in collaboration with the PACE Regional Coordination Unit, Bamako, **Mali**.
- December 14 – 18th, 1998 : Sub-regional workshop on the use of GIS in defining priority areas for agropastoral development. *Projet Régional de Lutte contre la trypanosomose animale* in collaboration with the FAO Reg. Office for Africa (RAF) and the *Centre International de Recherche et de Développement de l'Élevage en zone Subhumide* [CIRDES], Bobo-Dioulasso, **Burkina Faso**.

- November 17 - 21st, 1997 : 9th FAO Liaison Officers Meeting on Trypanosomiasis in West and Central Africa. Hosted by FAO Reg. Office for Africa (RAF). Hotel Cisneros, Sogakope, **Ghana**.
- November 20 - 27th, 1996 : Regional workshop with regard to the project proposal for a Regional Programme for Tsetse and Trypanosomosis Control in West Africa. Hosted by the *Centre International de Recherche et de Développement de l'Elevage en zone Subhumide* [CIRDES]. Hotel-Ecole Le Bénin, Lomé, **Togo**.
- November 9 – 17th, 1996 : Study-visit involving the use of livebait-technology and pour-on insecticides in vector control operations (tsetse flies). Vector Control Unit (ULV), Centre International de Recherche et de Développement de l'Elevage en zone Subhumide [CIRDES], Bobo-Dioulasso, **Burkina Faso**.
- July 1996 : Drafting of technical reference templates for small animal production projects. In collaboration with the Association of private rural veterinarians in Togo. Micro-Project Programme 7th EDF (European Development Fund), European Commission, Lomé, **Togo**.
- January - May 1994 : In-service training course on financial and economic project analysis (Ministry of agriculture), Paramaribo, **Suriname**.
- November - December 1991: Training course on development cooperation strategies (by ABOS/AGCD/BADC), Dworp (Brussels), **Belgium**.
- October & November 1991 : Training in Trypanosomiasis-related laboratory techniques. Department of Tropical Parasitology and Immunology, Graduate School of Molecular Biology & Biotechnology, University of Brussels (VUB-ULB), **Belgium**.
- July 1991 - April 1992 : Training in tropical helminthology. Department of Parasitology - Faculty of Veterinary Sciences, University of Ghent. Campus Merelbeke, Salisburylaan 133, B – 9820 Merelbeke, **Belgium**.
- August 1991 Seminar on development cooperation strategies (by V.V.O.B.) Brussels, **Belgium**.
- January & February 1991 Field trials involving the effectiveness of benzimidazoles in naturally infected calves, as well as training in large animal practice with special emphasis on dairy herd health management. Paraclinical, Clinical Departments respectively, Faculty of Veterinary Sciences, University of **Zimbabwe** (Harare).

G. Presentations / Posters / Reports (national, regional) : in reverse chronological order

1. Stratton J. & **Bastiaensen P.** (2019) "Evolution of the OIE PVS Pathway: perspectives for the Africa region". Oral presentation at the 23rd Conference of the OIE Regional Commission for Africa, Hammamet, Tunisia. 25 February – 1 March 2019.
2. **Bastiaensen P.** (2017) "Uptake of OIE PVS Pathway mission recommendations by a selection of African countries to date". Oral presentation and poster at the 22nd Conference of the OIE Regional Commission for Africa, Swakopmund, Namibia. 20 - 24 February 2017.
3. **Bastiaensen P.** & Masiga W. (2016) "One Health in combating (re)emerging diseases - OIE's contribution". Presentation at the 30th Annual Conference of the *Ethiopian Veterinary Association (EVA)*, Addis Ababa, Ethiopia. 2 - 3 September 2016.
4. **Bastiaensen P.**, Abernethy D. & Etter E. (2016) "Risk analysis in animal health : threat or opportunity for Africa ? ". Presentation at the 14th Annual Congress of the *Southern African Society for Veterinary Epidemiology and Preventive Medicine (SASVEPM)*, August 2016, Cape Town, South Africa.

5. **Bastiaensen P.** [editor] (2015) Proceedings of the *Continental Conference on the Role of the veterinary para-professionals in Africa : linking veterinary para-professionals to veterinarians*. October 13 – 15th, 2015, Pretoria, South Africa. English. OIE, Paris.
6. Münstermann S., Diop B., Torres G. & **Bastiaensen P.** [editors] (2015) Proceedings of the *GF-TADs (FAO & OIE) inter-regional conference on Rift Valley Fever in the Middle East and the Horn of Africa : new options for trade, prevention and control*, April 21 - 23rd, 2015, Djibouti City, Djibouti. English. OIE, Paris.
7. Squarzone Diaw C., Fall C.S., Denormandie N., Kabore Y., **Bastiaensen P.** & Conforti J. (2014) "Exercices de simulation sur la GAHP : formations en épidémiologie opérationnelle et décisionnelle". 29èmes *Journées Scientifiques de l'Association des Epidémiologistes de Terrain (EPITER)* [Association of Field Epidemiologists], April 10 – 11th, 2014, Rennes, France.
8. Mapitse N., Glynn Kate, Dehove A., Masiga W. & **Bastiaensen P.** (2013) "Promoting One Health: the international perspective – OIE"; at the *One Health Central and Eastern Africa (OHCEA) International One Health Conference*. September 23 – 25, 2013, Addis Ababa, Ethiopia.
9. **Bastiaensen P.** & Masiga W. (2013) "Control of foot-and-mouth disease : new international initiatives" Paper presented at the 47th Annual Scientific Conference of the *Kenya Veterinary Association (KVA)*, Mombasa, Kenya.
10. **Bastiaensen P.**, Varas Mariela, Mapitse N. & Masiga W. (2013) "OIE animal welfare standards - Rationale and spaces for animal welfare organisation engagement"; at the first Conference of the *Pan-African Animal Welfare Alliance (PAAWA)*. September 2 - 3, 2013. Nairobi, Kenya.
11. Münstermann S. & **Bastiaensen P.** [editors] (2012) Proceedings of the *GF-TADs (FAO & OIE) inter-regional conference on Rift Valley Fever in the Middle East and the Horn of Africa : challenges, prevention and control*, November 12 - 15th, 2012, Mombasa, Kenya. English. OIE, Paris.
12. **Bastiaensen P.** & Mapitse N. (2012) "Infrastructure, systems and legislation necessary to prevent the spread of the disease through trade"; In : Proceedings of the *GF-TADs (FAO & OIE) inter-regional conference on Rift Valley Fever in the Middle East and the Horn of Africa : challenges, prevention and control*, November 12 - 15th, 2012, Mombasa, Kenya. English. OIE, Paris.
13. **Bastiaensen P.**, Planté, Caroline, Knopf, Lea, Njeumi, F. , Kock, R. , Mtei, B. & Vallat B. (2010) "Global Eradication of Rinderpest. The Final Act." Paper presented at the 18th *Annual Conference of the Flemish Society for Veterinary Epidemiology and Economics (VEE)*, October 22nd, 2010. Roeselare, Belgium
14. **Bastiaensen P.**, Le Groumellec M., Mylrea Gillian Elisabeth, Mapitse N.J. & Mtei B.J. [editors] (2010) Proceedings of the OIE regional training seminar for OIE Focal points on aquatic animal diseases, June 15 - 19th, 2010, Swakopmund, Namibia. OIE, Paris.
15. **Bastiaensen P.** & Primot P. [editors] (2010) Proceedings of the OIE regional training seminar for OIE Focal points on wildlife diseases from (English-speaking) Africa and the Middle East, March 16 - 19th, 2010, Arusha, Tanzania. OIE, Paris.
16. **Bastiaensen P.** [editor] (2010) Proceedings of the OIE regional information seminar for newly appointed OIE Delegates in Africa, March 9 - 12th, 2010, Gaborone, Botswana. OIE, Paris.
17. **Bastiaensen P.** & Knopf L. [editors] (2009) Proceedings of the OIE regional seminar "*Re-emergence of Rift Valley Fever in Southern Africa : how to better predict and respond*", February 16 - 18th, 2009, Bloemfontein, South Africa. OIE, Paris.
18. Huchzermeyer D. & **Bastiaensen P.** [editors] (2009) Proceedings of the OIE regional seminar "*OIE International Standards : a lever for growth in the fisheries and aquaculture sector in Southern Africa*", June 10 - 12th, 2008, Maputo, Mozambique. OIE, Paris.
19. Mtei B.J., **Bastiaensen P.** & Funes G. (2008) "Strengthening veterinary services as a means to tackle (re)emerging animal diseases in southern Africa." Paper presented at the 2008 Congress of the *Southern Africa Society for Veterinary Epidemiology and Preventive Medicine (SASVEMP)*, August 20 – 22nd, 2008. Gauteng, South Africa.
20. **Bastiaensen P.** & Funes G. [editors] (2008) Proceedings of the OIE regional seminar "*Good Governance for Veterinary Services*", January 16 - 18th, 2008, Gaborone, Botswana. OIE, Paris.

21. **Bastiaensen P.** (2008) "Evaluation of Veterinary Services in OIE Member States : Experiences gathered". In : Proceedings of the OIE Regional workshop on 'Good Governance for Veterinary Services'. January 16-18th, 2008. Gaborone, Botswana
22. Squarzoni C., Planté C., Denormandie N., Seck B., **Bastiaensen P.** (2006) "Grippe aviaire en Afrique occidentale : leçons à tirer de la gestion des premiers foyers". *Journées Scientifiques de l'Association des Epidémiologistes de Terrain* (EPITER) [Association of Field Epidemiologists], November 10-11th, 2006. Vichy, France.
23. Squarzoni C., **Bastiaensen P.**, Denormandie N., Planté C., Seck B., (2006) "Grippe aviaire en Afrique subsaharienne : un premier bilan". *Journées de l'Association pour l'Etude de l'Epidémiologie des Maladies Animales* (AEEMA), in collaboration with AESA, May 18-19th, 2006. Sart-Tilman, Liège, Belgium
24. Squarzoni C., Bendali F., Denormandie N., **Bastiaensen P.**, Diop A.B. (2005) "Les réseaux d'épidémiologie-surveillance dans les pays d'Afrique de l'ouest : architecture et état des lieux de leur fonctionnement en 2004". *Journées de l'Association pour l'Etude de l'Epidémiologie des Maladies Animales* (AEEMA), May 19-20th, 2005. Paris, France
25. Batawui K., Dao B., **Bastiaensen P.**, Napala A., Hendrickx G. & De Deken R. (2002) "Application de la technologie ELECTRODYN-TM (Zeneca) comme insecticide épicutané dans la lutte antivectorielle. Résultats des essais cliniques en milieu réel." at the 5th Congress of the Société Ouest-Africaine de Parasitologie (SOAP), April 2002, Dakar, Sénégal.
26. **Bastiaensen P.X.M.**, Barreto I., Maisa F., Pereira da Fonseca I., Bruno de Sousa C. & Afonso-Roque M (2004) "Séroprévalence de l'infection par *Toxoplasma gondii* chez des animaux d'embouche en République Démocratique de São Tomé et Príncipe" at the regional seminar "III-ièmes Journées Scientifiques Internationales de l'Université de Lomé", October 2004, Lomé, Togo.
27. Afonso-Roque M., Bruno de Sousa C., Grácio M.A.A., Serrano F., Carrón A., Pérez-Martín J. E., Madeira de Carvalho L., Lucena S., Barreto I., Fernandes J., Maisa F., **Bastiaensen P.X.M.** (2002) "Zoonoses Parasitárias em S. Tomé e Príncipe" ; at the 4th Congress of the *Portuguese Society of Epidemiology and Public Veterinary Health* [SPEMVP], November 2002, Montemor-o-Novo, Portugal.
28. **Bastiaensen P.X.M.**, Barreto I., Maisa F., Pereira da Fonseca I., Bruno de Sousa C., Afonso-Roque M. (2002) "Sero-Prevalência da Infecção por *Toxoplasma Gondii* em Animais Abatidos para Consumo Público na República Democrática de São Tomé e Príncipe" ; *Congresso de Ciências Veterinárias*, 10 - 12 October 2002, TagusPark-Oeiras, Portugal.
29. **Bastiaensen P.** (2001) "A distribuição e densidade dos animais de produção na República Democrática de São Tomé e Príncipe." Technical report Project F/STP/DEV-ELV/96/14, São Tomé, São Tomé & Príncipe.
30. **Bastiaensen P.** & Bebay C.E. [editors] (1998) "Etude socio-économique de la pratique vétérinaire privée au Togo (étude de cas) – Socio-economic study of private veterinary practice in Togo (case study)." Technical report Project GCP/RAF/347-BEL, Sokodé and "Vétérinaires Sans Frontières", Kara, Togo
31. **Bastiaensen P.**, Batawui K., Boukaya A., Dorny P., Hendrickx G., Kadjassi B.-T., Napala A. (1998) "Etude transversale des contraintes d'ordre parasitaire au développement de l'élevage des petits ruminants en zone périurbaine au Togo. Etude de cas : zone périurbaine de Sokodé (région centrale)." Technical report Project GCP/RAF/347-BEL, Sokodé, Togo.
32. **Bastiaensen P.** (1998) "Fertilité et fragilité des sols, taux de charge des pâturages, intégration agriculture - élevage en Afrique de l'Ouest avec référence au Togo. Recueil de références bibliographiques." Technical report Project GCP/RAF/347-BEL, Sokodé, Togo.
33. Dao B., Hendrickx G., Napala A., **Bastiaensen P.**, Batawui K. & Bradley D. (1998) "Trypanosomose et trypanotolerance au Togo : etude de l'introggression Zebu." at the regional symposium "VIII ièmes Journées Scientifiques de l'UB", Université du Bénin, Lomé, Togo.
34. **Bastiaensen P.**, Kouagou N., Hendrickx G., Dao B., Batawui K., Napala A. (1998) " La prise en charge technique et financière d'une campagne de lutte antivectorielle par les bénéficiaires au Togo : défis et contraintes." at the regional symposium "VIII ièmes Journées Scientifiques de l'UB", Université du Bénin, Lomé, Togo.
35. **Bastiaensen P.**, Batawui K., Dorny P., Kadjassi B.-T., Boukaya A., Hendrickx G. & Napala A. (1997) "Résultats préliminaires de l'étude sur la pathologie parasitaire chez les petits ruminants en zone périurbaine de Sokodé." at the national symposium "I ières Journées de la Société Togolaise de Parasitologie", Université du Bénin, Lomé, Togo.

36. **Bastiaensen P.** (1996) "Revue de la problématique parasitaire des ruminants au Suriname (Caraïbes)." at the regional symposium "VII^{ièmes} Journées Scientifiques de l'UB", Université du Bénin, Lomé, Togo.
37. **Bastiaensen P.** (1994) "Preliminary results of AI of dairy cattle in the Commewijne district" at the national symposium "Veeteelt in het jaar 2000", Ministerie van LVV, Lelydorp, Suriname.
38. **Bastiaensen P.** (1991) "Effectiveness of benzimidazoles in naturally infected calves in Zimbabwe". Training report, Dutch, April 1991, University of Ghent, Belgium.

H. Presentations / Posters / Websites (international) : *in reverse chronological order*

1. Fèvre S., Sherman D., Motta P., Lyons N., Sumption K., **Bastiaensen P.** (2020) "Empowering veterinary paraprofessionals in Africa for better control of TADs". ePoster at the EuFMD Special Edition Open Session 2020. December 2020, FAO, Rome, Italy.
2. **Bastiaensen P.** (2020) "Is African swine fever returning to Africa ? A back-of-the-envelope analysis of 15 years of WAHIS data". ePoster at the EuFMD Special Edition Open Session 2020. December 2020, FAO, Rome, Italy.
3. **Bastiaensen P.**, Lasley J., Prenat R. & Brand T. (2017) "Laboratory infrastructure and biological security challenges, from an African perspective". Presentation at the *2nd OIE Global Conference on Biological Threat Reduction "Enhancing Health and Security for All"*. October - November 2017, Ottawa, Canada.
4. **Bastiaensen P.**, Rhissa Z., Amang Avong M., Moerane R., Ponella-Mielwa Theresa, Asfaw W., Bouguedour R. & Masiga W.N. (2013) "Veterinary statutory bodies in Africa". Presentation at the *3rd Global Conference on Veterinary Education and the Role of the Veterinary Statutory Body "Ensuring excellence and ethics of the veterinary profession"*. December 2013, Foz do Iguaçu, Brazil.
5. Petrini A. & **Bastiaensen P.** (2013) "One health: coinvolgimento e attività dell'Organizzazione Mondiale della Sanità Animale (OIE)". Presentation at Convegno "Il contributo della Sanità Pubblica Veterinaria alla Medicina Unica" Istituto Superiore di Sanità. Dip. Sanità Pubblica Veterinaria e Sicurezza. October 2013. Rome, Italy.
6. **Bastiaensen P.**, Martinez M, Dehove A & Bourzat D (2013) "Global elimination of rabies in humans : actions at the animal reservoir". Presentation at the 14th Conference of the *Association of Institutions for Tropical Veterinary Medicine (AITVM)*, August 2013, Johannesburg, South Africa.
7. **Bastiaensen P.**, Chardonnet B & Bourzat D (2013) "Reconciling international trade imperatives with novel wildlife conservation approaches". Presentation at the 14th Conference of the *Association of Institutions for Tropical Veterinary Medicine (AITVM)*, August 2013, Johannesburg, South Africa
8. **Bastiaensen P.** (2013) "The 'One Health' Initiative" Key note address at the 1st Forum on "Veille Sanitaire et Réponse en Territoires Insulaires - La surveillance, l'investigation et la lutte anti-vectorielle". Indian Ocean Commission (IOC), June 2013. St Denis, Réunion Island.
9. Mulumba M, **Bastiaensen P.**, Hulman B, Matlho G.O & Thomson G (2012) "Virus pool 6 - Southern Africa". Presentation at the 2nd FAO - OIE Global Conference on foot-and-mouth disease control, June 2012, Bangkok, Thailand.
10. Swan G E, Bila C, Hove T, Munene J, Muyumba M, Mweene A S, Rasambainarivo J H , Wambura P & **Bastiaensen P.** (2011) "Working towards an association of veterinary education establishments in southern and eastern Africa" at the 30th *World Veterinary Congress* , October 2011, Cape Town, South Africa.
11. Mapitse N.J., **Bastiaensen P.**, Erlacher-Vindel Elisabeth, Knopf Lea, Bengis R., Coetzer J.A.W., Mtei B. J., Ben Jebara K., Thiermann A. & Vallat B. (2011) "OIE standards on integrated livestock and wildlife health : does the hand fit the glove ?." at the 30th *World Veterinary Congress* , October 2011, Cape Town, South Africa.
12. Kouagou N'T., **Bastiaensen P.**, Napala A., Dao B. & Hendrickx G. (2000) "La lutte contre les trypanosomoses animales et les vétérinaires privés au Togo." at the ICPTV Workshop on *Socio-economic impact assessment and policy analysis of the disease and its management*, September 2000, Addis Ababa, Ethiopia.
13. Napala, A., Kouagou, N'T., Dao, B., **Bastiaensen, P.**, Slingenbergh, J.H.W. & Hendrickx, G. (1999) Amélioration de la prévalence de la trypanosomose et de la santé bovine à travers la vulgarisation et la participation communautaire à l'échelle nationale: résultats d'une campagne de vulgarisation au Togo. at the 25th meeting of the *International Scientific Council on Trypanosomiasis Research and Control (ISCTRC)*, Mombasa, Kenya.

14. Hendrickx G., Napala A., Rogers D.J., **Bastiaensen P.** & Slingenbergh J.H.W. (1998) "Can remotely sensed NOAA and METEOSAT derived data significantly contribute to reduce costs of tsetse surveys ?" at the *Second World Meeting on Salivarian Trypanosomes by Internet (SWMST)*, URL : <http://www.dbbm.fiocruz.br/www-mem>.
15. Hendrickx G., Slingenbergh J.H.W., Dao B., **Bastiaensen P.** & Napala A. (1997) "Geographic Information Systems, powerful tools in decision making." at the 24th meeting of the *International Scientific Council on Trypanosomiasis Research and Control (ISCTRC)*, Maputo, Mozambique.
16. **Bastiaensen P.**, Kouagou N'T., Napala A. & Hendrickx G. (1997) "Can the private sector handle tsetse control? Experiences from Togo" at the 24th meeting of the *International Scientific Council on Trypanosomiasis Research and Control (ISCTRC)*, Maputo, Mozambique.
